VACANCY

A vacancy exists for **Maintenance Manager** at Midlands Medical Centre Private Hospital

REQUIREMENTS:

- Relevant Bachelor's degree or National Diploma with more than 5 years' experience in operations or engineering maintenance or projects
- Practical experience in the hospital environment or similar environment will be advantageous
- Proven leadership and people management experience
- Knowledge of the OHS Act and regulations, facilities management, financial, project management and procurement practices

KEY OUTPUTS:

- Effective management of relationships within the business and provide professional leadership, influence and two-way communication
- Manage the hospital maintenance department, including the implementation of the maintenance management strategy and the best practices to maximize overall plant and equipment efficiency and availability, execution of the infrastructure and construction projects
- Perform administrative functions (i.e. reviewing and writing performance reports, document management, data analysis, validating expenditures and enforcing rules)
- Track and report functional metrics/key performance indicators to identify and deliver on opportunities for improvement
- Drive strategic input and initiatives to maximize efficiencies
- Review, audit, monitor and evaluate performance of the quality system
- Manage overall Hospital maintenance compliance to regulators such as OHS Act

If you are interested in the position and wish to apply, kindly email your CV and a letter of motivation to hr@midmedic.co.za before the **24 May 2019**.
